COFFEE TIME STORY

COFFEE TIME

King Tea has infiltrated the Realm of Time. Help Cup Joe and his Coffee Time friends stop King Tea from making it Tea Time permanently across the 5 Worlds.

COFFEE TIME

MEET THE HEROES

Little Miss Hot Shot

Donette

Cup Joe

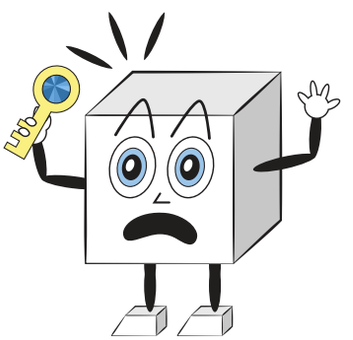

Thermos

Our heroes like to hang out in Coffee World and frequently take trips to Donut World. These are peaceful worlds full of joy and laughter. They like to say,

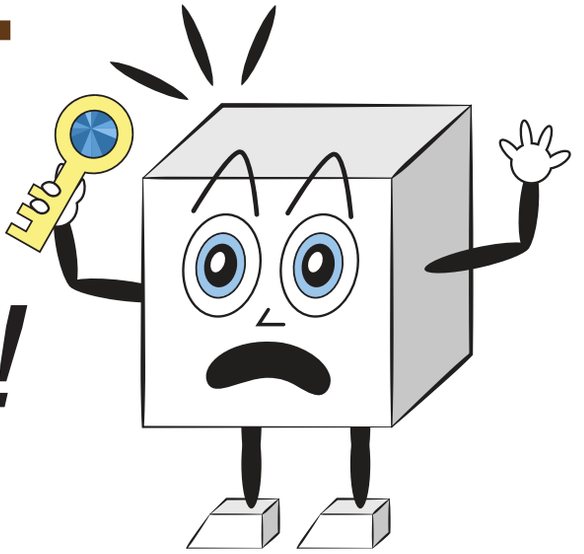

"Come hang out with us—it's a latte fun!"

Then everything changed when Sir Cubey, an ambassador of the 5 Worlds, came to the heroes and yelled… HELP!

COFFEE TIME

THE PLOT

Help!

According to Sir Cubey, King Tea has infiltrated the Realm of Time. Overcome with jealousy from the increasing popularity of coffee, King Tea seeks to vanquish coffee from the 5 Worlds by changing the World Clocks to Tea Time permanently.

If King Tea succeeds, this would cause a rift in the Realm of Time, and it could spell disaster for everyone.

COFFEE TIME

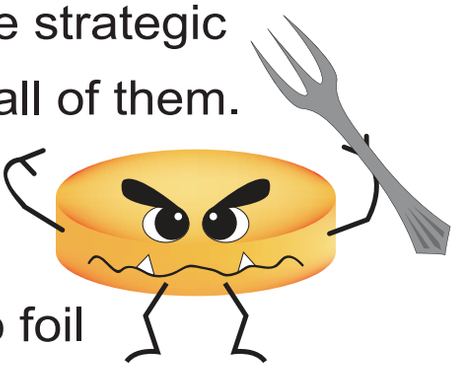

THE DANGER

Beware!

The crumpets are King Tea's mindless minions of mayhem. They will try to battle you and slow you down on your way to King Tea. Some crumpets are stronger than others, so you will have to be strategic if you want to have any hope of defeating all of them.

There is also one more formidable opponent: King Tea's right hand-woman, known as the Duchess. She will attempt to foil your quest by using her mystical powers to cast enchantments. Rumor has it that she has even used her powers to defy death and brought a creature back from beyond the grave… ***Heroes beware!***

COFFEE TIME

ZOMBIES??

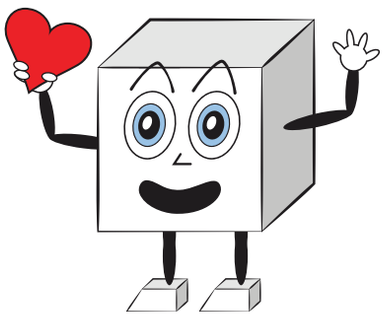

Well, there is only one zombie, and his name is Roamer. He usually resides at his grave, but there are times when he can emerge at certain places on the board and try to find you. If he does reach you, he can take a bite out of your health gauge and even steal your item cards.

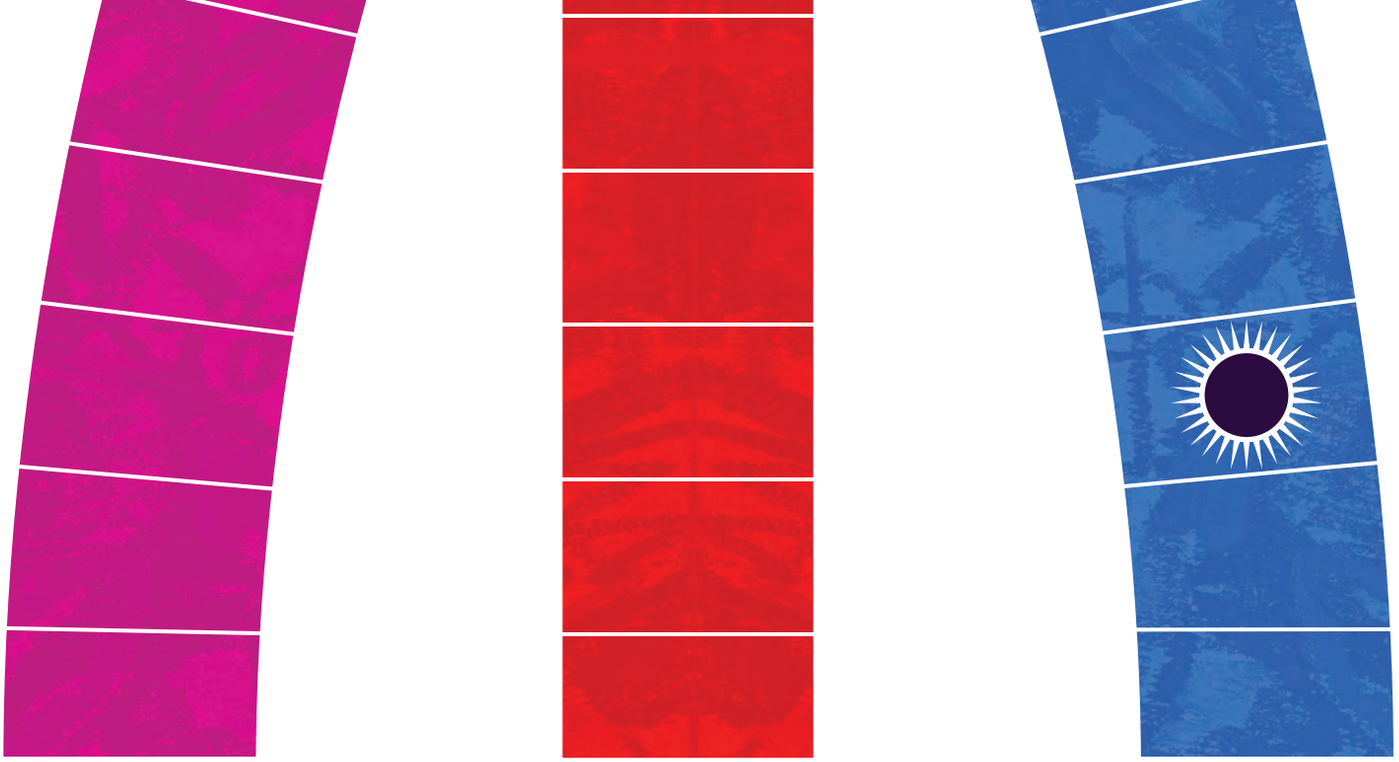

BUT YOU WILL ALSO FIND

FRIENDS ALONG THE WAY.

Sir Cubey is a well-known peacekeeper, as he is the liaison between the 5 Worlds; he is always eager to lend a helping hand. In addition, Dotty, the Honey Bee Queen, is a natural sweetheart, and she can assist you on a swift journey.

COFFEE TIME

FINDING THE RIGHT ROUTE

To begin their journeys, each player has their own path to the Activation Chamber, but this can change along the way. If a hero lands on a Team Path crossroads—indicated by a purple circle with a burst—then they can choose to join Donette's purple path, also known as the Team Path. Any player on the Team Path will share their Team Path powers with one another. Cup Joe increases the heroes' attack powers; Thermos shields the heroes against further temperature drops; Little Miss Hot Shot increases the heroes' speed of movement; and Donette allows all heroes on the Team Path to share these powers.

COFFEE TIME

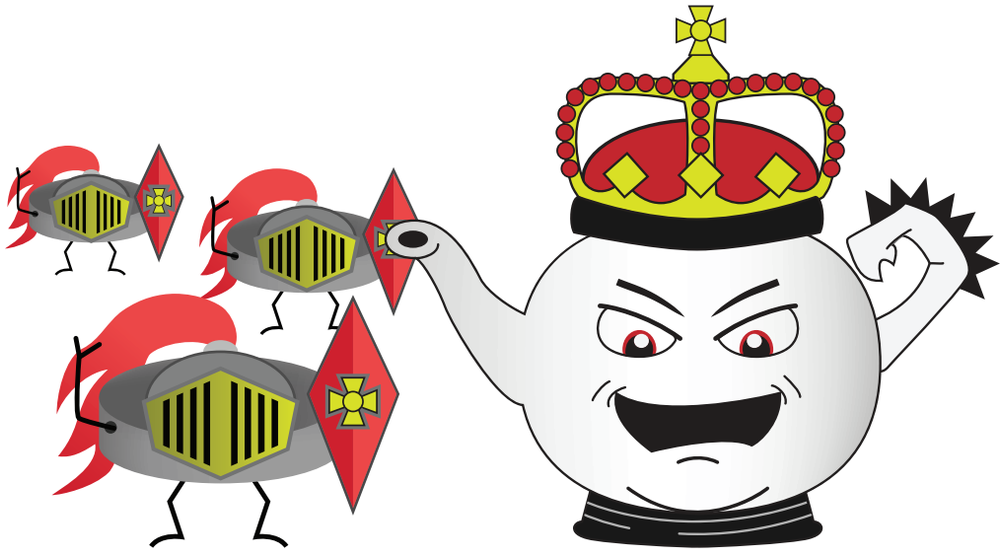

THE ACTIVATION CHAMBER

All paths lead to the same destination: the Activation Chamber. This is where the door to the Realm of Time is located. When a hero reaches the Activation Chamber, they can stand on the activation button and release their unique activation power upon the entire board; however, only one hero can use their activation power at any given time.

Cup Joe vanquishes all common enemy crumpets; **Thermos** shields all heroes from the Duchess' enchantments; **Little Miss Hot Shot** slows King Tea's progress in the Real of Time; and **Donette** turns on all of the heroes' Team Path powers across the entire board.

COFFEE TIME —THE ULTIMATE BATTLE

When the heroes enter the Activation Chamber, they will be able to fight King Tea and his three Royal Guards in the Realm of Time. Be careful, because both King Tea and his Royal Guards can completely deplete a hero's health gauge and send them back to start. The heroes will have to use teamwork and strategy in order to defeat their enemies one by one.

KING TEA AND HIS ROYAL GUARDS CAN DRAIN A HERO'S HEALTH WITH A SINGLE BLOW!

Will our heroes be able to conquer such a frightful foe? Or will it be Tea Time for the rest of eternity? Only you can find out when you embark on this courageous quest!

Grab some coffee and pastries, gather your family and friends, and open the box! The future may not be clear, but one thing is for certain for now… it's COFFEE TIME!
